Summary

As a proficient front-end developer with having **2 years** of experience in building responsive web applications and user interfaces using React JS, I bring expertise in JavaScript, CSS, and HTML5. I design and implement UI components, ensuring optimal performance across browsers, and prioritize code reusability and efficiency. Additionally, I possess knowledge in unit testing methodologies to ensure the quality and reliability of code.

Work Experience

ITalent Digital
Hyderabad, India

Software Engineer
March 2022 - Present

- I have been involved in three projects: Cisco, Esri, and Microsoft.
- Worked on Cisco communities, ESRI communities, Microsoft Communities (Power Platform Communities, Fabric Communities etc...)
- Developed user features with HTML, CSS, JavaScript and react.
- Strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model.
- Implemented responsive web design principles.
- Developed web applications and user interfaces from provided prototypes and wireframes.
- Utilized frameworks like React.js for efficient.
- Regularly review and study the latest features, updates, and best practices introduced in React 19 to ensure optimal use in projects.
- Collaborated with cross-functional teams to ensure project success.
- Maintain and improve website optimization.
- Proficiency in CSS, JavaScript, HTML5, and Typescript. Experience with frameworks/libraries (React).
- Familiarity with version control tools (Git, SVN).
- Implemented smooth animations to enhance the overall user experience of web applications.
- Familiarity with RESTful APIs.
- Strong problem-solving skills and attention to detail.
- Ability to understand business requirements and translate them into technical requirements.
- **Technical Skills:** React, JavaScript, Typescript, freemarker, Khoros, jQuery, graphQL, BitBucket, fluentUI , Git.
- **Soft Skills:** Teamwork, Time Management, Communication, Presentation skills.

Projects

Microsoft

ITalent Digital
Dec 2022 - Present

- Worked extensively within Microsoft Communities, including Power Platform Communities and Fabric Communities.
- Collaborated closely with the team to develop responsive and visually appealing interfaces.
- Created responsive UI components using a diverse set of technologies, including KHOROS, Freemarker, JavaScript, HTML, CSS, React.js, jQuery, TypeScript, and Fluent UI.
- Actively participated in Agile methodologies, specifically Scrum, and utilized Azure DevOps for sprint planning and management.
- Developed and implemented web applications and user interfaces to meet project requirements.
- Designed and executed various UI components, including popups, tabs, navigation tabs, dropdowns, cards, using Fluent UI versions 8 and 9.
- mplemented smooth animations to improve the overall user experience of web applications.
- Leveraged React's functional components and hooks (e.g., useReducer, Context) while ensuring compliance with accessibility (A11Y) standards.
- **Technical Skills:** React, JavaScript, Typescript, freemarker, Khoros, jQuery, graphQL, BitBucket, fluentUI , Git.

ESRI

ITalent Digital
Nov 2022 - Dec 2022

- Contributed to ESRI communities, engaged in project development and other activities.
- Developed responsive and user-friendly UI components using a combination of KHOROS, Freemarker, JavaScript, HTML, CSS.
- Played a key role in the design and implementation of UI components, ensuring functionality and aesthetic appeal.
- Showcased expertise in JavaScript, CSS, HTML5, and other front-end languages, contributing to the creation of robust and engaging user interfaces.
- **Technical Skills:** Proficient in JavaScript, Freemarker, Khoros, jQuery, GraphQL, BitBucket.

Cisco

ITalent Digital *March 2022 - Nov 2022*

- Collaborated within Cisco communities.
- Developed responsive UI components utilizing KHOROS, Freemarker, JavaScript, HTML, CSS, and jQuery, ensuring optimal responsiveness across various devices and screen sizes.
- Engaged in Agile methodologies, including Scrum, sprint planning, and retrospectives, utilizing tools like Jira for ticket management and sprint work.
- Employed browser-based debugging and performance testing software to diagnose and resolve issues effectively.
- **Technical Skills:** Proficient in JavaScript, Freemarker, Khoros, jQuery, and BitBucket. Additionally, adept at utilizing Jira for ticket management and sprint work.

Skills

Programming	React, JavaScript, HTML, CSS, Typescript, freemarker, Khoros, jQuery, graphQL, Redux, Router, Git, BitBucket, fluentUI, REST API, Bootsrap, Jest, Azure fundamentals
Soft Skills	Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.

Education

Satavahana University *Karimnagar, Telangana*

BSc in Computer Science *July 2018 - Aug 2021*

- Completed my graduation in BSC with subjects Mathematics, Statistics and Computer science.
- Attained overall **9.8 CGPA**.

TS.Model Jr. College *Ibrahimpatnam, Telangana*

intermediate - MPC *May 2016 - March 2018*

- Completed my intermediate with Math, Physics And Chemistry subjects.
- Attained overall **8.4 CGPA**.

Achievements

2024	**Microsoft Certified: Azure Fundamentals,** https://learn.microsoft.com/en-us/users/manasabingi-7507/credentials/e0de63cb7973de3f

Interests

Cooking	I enjoy cooking, especially experimenting with different dishes, and I have a particular fondness for preparing biryani.
Chess	I may not be a chess pro, but I have always cherished playing the game.
Dance	I have a passion for dance and have been actively involved in college-level dance performances and competitions.
Art and Craft	I enjoy art and craft activities, finding fulfillment in creating handmade crafts and artworks.
designing	I find joy in designing dresses, exploring my creativity in this field.
